

Hole-In-One Program (Insurance)

Everyone wants a reward for making a Hole in One!

Are you feeling lucky today? Get involved!

- When someone in the program makes a Hole-In-One, one dollar comes out of each participant's "account." Ex: If 78 players are in the pool, the payout is 78 dollars.
- The more players involved in the program the bigger the payout.
- **How to join:** Go to the pro shop and tell the pros that you want in the Men's Club Hole-In-One program. Give them between one and ten dollars, and they will post the amount you paid. They will keep track of any Hole-In-One payouts and how much money remains in your account.
- Names of members in the program and how much is in each of their accounts will be posted in the "board room" room off the golfers' lounge.
